

## The Real Value of a BC Snowmobile Federation Snowmobile Club membership

### Determine the value Yourself

- First determine how many days you ride per winter.
- Get a piece of paper and a pen
- Put the value on the items listed below as they pertain to you only.
- Then use that number to multiply with your ride days (or days of use availability like cabins)
- **Example:** personal cabin value **\$2.00 a day** x amount of days you can access (150 days) that cabin=value is worth **\$300.00** x amount of cabins available to you
- **Example:** Groomed Trails = day pass fees x day used per season. **\$20.00 (provincial average)** x 3 rides per month x (5) months = value is worth **\$300.00**
